DETAILED ACTION

Receipt is acknowledged of the Amendment filed 2 February 2004.

Priority

Receipt is acknowledged of papers submitted under 35 U.S.C. 119(a)-(d), which papers have been placed of record in the file.

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with John Eisenhart on 10 June 2004.

The application has been amended as follows:

Claim 1, line 11: "each other under"; should be --each other via the sealant and the third adhesive, under--.

Allowable Subject Matter

Claims 1-10 are allowed over the prior art.

The following is an examiner's statement of reasons for allowance: The best prior art of record discloses a plasma display panel fabricated by depositing a first and second adhesive and a sealant aligned with the first and second adhesives. However, the prior art fails to teach or fairly suggest a plasma display panel fabricated by depositing a first and second adhesive, depositing a sealant aligned with the first and second adhesives and depositing a third adhesive outside the portion where the second adhesive is deposited as claimed in claims 1 and 7. Claims 2-6 and 8-10 are allowable by virtue of their dependency.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Elizabeth Keaney whose telephone number is (571)272-2489. The examiner can normally be reached on Monday-Thursday 5:30-4.
